Excellence in Clinical Care

Baxter Medical Center provides complete primary health care to people of all ages living in and around Baxter, Minnesota, and throughout Crow Wing County. The practice offers urgent care, pediatrics, men's health, women's health, and dermatology. Baxter Medical Center also offers orthopedic medicine.

We Provide Only The Best

Our providers take the time to listen to each individual's symptoms, concerns, or goals and use that information to develop treatment plans that encourage whole-body health and vitality.

We understand that everyone's health is different. Our providers never force their ideas on others and regularly coordinate care with specialists when necessary.

Why Choose Us

- **Dermatology** for all ages, treating acne, dry skin, rash, warts, or moles

- **Pediatric Care** wellness exams, sick visits, and immunizations

- **Women's Health** pap tests, pelvic exams, family planning, menopause

- **Men's Health** low testosterone, erectile dysfunction, wellness exams

- **Mental Health** anxiety/depression, medication, referrals to counselors

- **Orthopedics** treatment for joint, muscle, or ligament pain
