### Symptom management

Relieve pain, nausea, vomiting, constipation, sleep disturbance, drooling, seizures, irritability, and itching as well as emotional, psychological, and spiritual distress.

### Coordination of care

Dr. Patti of Patti's Place: Vital Pediatrics for Complex Kids, LLC will work with your child's pediatrician and other specialists. Reports from each visit can be forwarded upon your request.

### Advance care planning

Here at Patti's Place we discuss matters that are important to your child and family, including end of life arrangements if and when these become a concern.

### Supportive care

The strain of complex conditions can cause distress in a child – and his or her family. We'll help to arrange referrals to Social Work, Child Life, Spiritual Health, & Rehabilitation professionals.

## We are here to help you and your loved ones

The Patti's Place logo of a child nurturing a growing tree represents our commitment to enhance the life of patients and their families. We exclusively offer secure virtual telemedicine visits.

### Get in touch

Dr. Patti exclusively offers secure virtual visits from your computer or mobile device.
