

## REGENERATIVE MEDICINE

Consider this: Approximately 80% of the adult population will experience back or joint pain at least once in their lifetime. It doesn't matter if you're young or old; an athlete or a minimally active person; pain can interfere with your daily life. In fact, it is the number one cause of missed work days in the US.

At Georgia Wellness Institute, we know you want to live free of pain. In order to do that, you need an effective way to overcome back and joint pain. The problem is surgery requires lots of time for recovery, medicines have a potential for addiction, and steroids may only provide short term relief.

**Regenerative Medicine** is a cutting edge therapy that is used to stimulate and accelerate your body's natural ability to heal. This can be accomplished via platelet rich plasma (PRP) from your blood or bone marrow from your hip.

*Conditions we treat:*

- Low back and neck pain
- Degenerative Discs
- Tendinitis
- Arthritis
- Rotator cuff tears
- Meniscus tears
- Degenerative Joint disease

Stop living in pain and having repeated procedures that only provide short term relief. Instead, get the healing you deserve and get back to enjoying life!

## TESTIMONIALS

"Dr. Webb and his team are fantastic!!! Dr. Webb's bedside manners are impeccable. He treats you like family and doesn't push you into treatment. He gave me the facts and time to make a decision I was comfortable with. I had my procedure and couldn't be more pleased. Thanks Dr. Webb!!!!!"

# RESTORING that YOUTHFUL FEELING

We have a comprehensive wellness program designed to help you get back to having more energy, vitality, and ultimately less pain.

## TREATING ADDICTION

Are you struggling to kick a habit related to pain medications and opioids? We understand your struggle. According to the CDC, more than 450,000 people died from opioid overdoses from 1999-2018. If you or someone you know is struggling to overcome addiction to medications, we're here to help.

We offer medication-assisted treatment (MAT) programs to treat substance use disorders to help sustain recovery and prevent overdoses. MAT is the use of FDA approved medications in combination with counseling and behavioral therapies to help you get back to a life free of addictive and harmful opioid medicines. Each treatment program is designed and tailored to meet each person's specific needs.

## BOTOX & FILLERS

Looking to return that youthful tightness to your skin? Or maybe you've always wanted fuller lips or a more defined jaw line.

Botox can be used to reduce those fine lines and wrinkles around your forehead and eyes that come with expressions like smiling and frowning.

### DID YOU KNOW?

Botox can also be used to help with headaches? If you suffer from chronic headaches or migraines and have tried every medicine out there, Botox could be for you! Ask Dr. Webb or a member or our staff to find out more!

### NATURAL RESULTS

Facial fillers are made from hyaluronic acid, which is naturally present in our bodies. We can inject these fillers to give you those pouting lips you've wanted or those fuller cheeks!

### CONFIDENT BEAUTY

You don't have to look frozen or have those Jenner lips to get that confident look in your skin and smile.

## HORMONE REPLACEMENT

Have you been struggling with less energy, poor sleep, or even lost libido? Hormone imbalances can cause these symptoms as well as an array of other symptoms such as:

- Fatigue
- Poor Sleep
- Joint Pain
- Mood Swings
- Muscle Pain
- Weight Gain
- Irritability
- Can't Focus

Natural Hormones are the key to EvexiPEL® Hormone Replacement Therapy and Hormone Optimization.

## ★★★★★ GOOGLE REVIEWS

"Dr. Webb is a down to earth professional. It's a pleasure to visit the office. Upbeat. Professional staff. Pain management at its best!"

"I came today, and I'm so pleased with Dr. Webb and his staff's service. I honestly wish I could give him a hundred stars. He really makes me feel important. The staff greets me every time I come in and I am so pleased with the service."
